Subject: Badgers mount.

APPENDIX D

Dear Mandy,

It has been brought to my attention from residents of Elmesthorpe that the Badgers Mount hotel on Station road, Elmesthorpe have applied for the extension of hours and days currently permitted to their alcohol & music licence. Badgers Mount is centrally positioned within the village and in close proximity to a number of properties, also in recent times the owners have removed a number of trees that helped screen activities held there.

Although we all support local business I fear that the extra time and days proposed will create a public nuisance of noise and light pollution to nearby residents late at night.

After speaking with residents they accept the fact that business is important in this location and are happy to compromise to a 11.30pm finish from Thursday to Saturday.

As the local district councillor for the area I would urge that your committee would consider local resident views when deciding the outcome of this application.

Also I would be most grateful to be given the opportunity to address the committee at the time of consideration.

Kind regards Councillor David L Freer.
