

To prevent public nuisance

The store is in the centre of a residential area. Being open 24 hours a day is bound to attract customers from outside the area with a high likelihood that they will cause alcohol fuelled disturbance in and around the store throughout the night. Blaby bypass has at various times been the scene of young motorists staging races along its length. With a nearby source of alcohol available throughout the night this activity is likely to occur more frequently and quite possibly also occur along Lutterworth Road.
