

**Blaby District Council**  
**Audit & Corporate Governance Committee**

**Date of Meeting** 28 July 2025  
**Title of Report** Risk Management Quarter 1 2025/26  
**Report Author** Council Tax Income & Debt Manager

**1. What is this report about?**

- 1.1 The report provides Audit and Corporate Governance Committee with an update in relation to the Council's Corporate Risk Register up to 30<sup>th</sup> June 2025.

**2. Recommendation(s)**

- 2.1 That the latest information in respect of the Council's major corporate risks is accepted.

**3. Reason for Decision(s) Recommended**

- 3.1 The overview of the Council's risk management processes is a key responsibility of the Audit and Corporate Governance Committee. It is important that members are aware of the corporate risks and their potential impact on Council business, and that they review the control measures in place to mitigate risks.

**4. Matters to consider**

**4.1. Background**

The management of risk is a critical success factor in terms of an organisation achieving its objectives. The Audit and Corporate Governance Committee, supported by Internal Audit, has the role of evaluating the effectiveness of the Council's risk management procedures, and commenting upon areas of improvement as appropriate.

Risks are assessed for their impact on the Council's business, and the likelihood that those risks might arise. Scores for impact and likelihood are combined using a "5x5" matrix to arrive at a rating of high, medium, or low.

Risk Score	Matrix Category
16-25	High
9-15	Medium
1-8	Low

Further information is contained within the Risk Management Strategy which was presented to this Committee in July 2023.

## 4.2 Corporate Risk Register

The Corporate Risk Register captures the most significant current risks that have a potential impact on the Council's strategic aims and objectives. Updates on the latest corporate risks are presented to Audit and Corporate Governance Committee every quarter.

Corporate Risks are monitored by the Corporate Risk Group which comprises the Chief Executive, the Executive Directors, the Finance Group Manager, and the Council Tax Income and Debt Manager. The Corporate Risk Group met on 5<sup>th</sup> June 2025 to review and update the Corporate Risk Register, ensuring that it properly reflects the current corporate risks and that actions are in place to mitigate those risks. A copy of the Corporate Risk Register is included at Appendix A, and this sets out each risk, an assessment of the degree of risk to the Council, and any control measures that are in place to mitigate the likelihood and impact of the risk occurring.

The following table summarises the number of corporate risks before any control measures are put in place (i.e., uncontrolled risks).

<b>All Corporate Risks – Uncontrolled Rating Summary</b>			
<b>Red</b>	<b>Amber</b>	<b>Green</b>	<b>Total</b>
15	11	0	26

The corporate risks, once control measures have been put in place, i.e., controlled risks, are as follows:

<b>All Corporate Risks – Controlled Rating Summary</b>			
<b>Red</b>	<b>Amber</b>	<b>Green</b>	<b>Total</b>
6	7	13	26

Since the last quarterly report to Audit and Corporate Governance Committee on 28<sup>th</sup> April 2025, 1 new risk has been added to the register in relation to Procurement Advice - R178.

Overall, 15 high risks to the Council's business have been identified before any form of mitigation has been put in place. However, once control measures are considered, 9 of these are reduced to medium or low risk.

The latest review undertaken by the Corporate Risk Group has led to 1 risk score being increased and 1 risk score being decreased.

Increased risk:

### **R130 – Delivery of the Hospital Enablement Team Model Becomes Unsustainable.**

This risk has been increased bearing in mind the cuts in the NHS.

Reduced risk:

**R012 – Closure, downsizing of premises or relocation of a major district employer.**

This risk rating has been reduced in view of the additional internal controls in place that are making it manageable. The Council engage regularly with businesses to understand requirements and work with authorities, landowners, developers and agents. The establishment of business breakfasts, the Economic development group and Tourism partnership enables the Council to have links into local businesses. Through these links it is possible to understand, and hear news about, potential business closure risks, whilst also assessing what more the Council can do to support businesses. In the future a Business Board will be established which will add further capacity to business engagement capabilities.

#### 4.3 Local Government Reorganisation (LGR) Risk Register

This register is fully incorporated into the Council's risk management procedures and is also subject to review by the Corporate Risk Group on a quarterly basis.

Since the last quarterly report to Audit and Corporate Governance Committee on 28th April 2025, no new risks have been added to the register.

The following table summarises the number of LGR risks before any control measures are put in place (i.e., uncontrolled risks).

All LGR Risks – Uncontrolled Rating Summary			
Red	Amber	Green	Total
2	1	0	3

The LGR risks, once control measures have been put in place, i.e., controlled risks, are as follows:

All LGR Risks – Controlled Rating Summary			
Red	Amber	Green	Total
0	3	0	3

Overall, 2 high risks to the Council's business have been identified before any form of mitigation has been put in place. However, once control measures are considered, both are reduced to medium or low risk.

The latest review undertaken by the Corporate Risk Group has led to no changes to the risk scores.

#### 4.4 Service and Project Risk Registers

Service risks are those which are more related to operational and service delivery matters. They are maintained on a separate risk register and are subject to quarterly monitoring by Service Managers to ensure that they remain up to date and have not become obsolete. Group Managers will provide an overview of the service risks on a quarterly basis, but service risks will not be reported to Audit and Corporate Governance Committee other than in exceptional circumstances.

Project risks are managed through the Council's project management framework, with risk registers maintained for corporate projects and high-profile service projects. These are monitored through individual project teams and by the Senior Leadership Team sitting as Programme Board.

The ICT service was brought in house on 30<sup>th</sup> June 2025, the ICT service risks will be reviewed and discussed at the next Corporate risk group meeting to consider if any new risks need to be added and included in the Corporate risk register. Details will be included in the quarter 2 report.
