On Page 67 of The Committee Report, the below images should be placed below the paragraph that begins with “I have captured this on the drawing below which shows the rough locations of the residential receptors (green star), the proposed works which you can see are contained within the southern portion of the site and the location of Jelson’s site (outlined red with the developable area hatched).”

Page 67 of the Committee Report, the below images should be placed below the paragraph that begins with ‘To further supplement the above I also refer you to Appendix E of the Croft Quarry NIA which depicts the noise contours across the quarry site. I have included a screenshot below for reference. This confirms Jelson’s site is will not be negatively impacted by the noise arising from the quarry operations.’

On Page 72 of The Committee Report, the below table should be placed below the paragraph that begins with: ‘No parks and recreation grounds, or allotments and community gardens will be provided on-site. Table 1 (see below) in the Planning Obligations and Developer Contributions SPD (2024) demonstrates that such open space typologies are required to be provided off-site for development proposals between 100 – 199 dwellings..’
