1. What is this report about?

- 1.1 This report sets out the Annual Governance Statement for 2025/26. The Annual Governance Statement provides a review of the Council's governance arrangements that were in place for 2025/26 and also puts forward an assurance table and actions to further improve the Council's governance arrangements for 2026/27 for consideration and approval.

2. Recommendation(s) to Cabinet Executive

- 2.1 That the Annual Governance statement in respect of 2025/26 financial year, attached to this report, be approved.
- 2.2 That the updated Local Code of Corporate Governance is approved.
- 2.3 That delegated authority is given to the Executive Director (S151 Officer) in consultation with the Chief Executive and the Leader of the Council to make amendments to the Annual Governance Statement following feedback from the External Auditors.

3. Reason for Decisions Recommended

- 3.1 It is a requirement of the Account and Audit Regulations 2015 for the local authority to prepare and approve an Annual Governance Statement.
- 3.2 It has been necessary to review the Local Code of Corporate Governance following the 2025 Addendum to the CIPFA/SOLACE Delivering Good Governance Framework (2016).
- 3.3 It may be necessary to make amendments or additions to the Annual Governance Statement following feedback from the External Auditors as they review and audit the Council's Statutory Accounts.

4. Matters to consider

4.1 Background

Local government bodies are responsible for ensuring that their business is conducted in accordance with the law and proper standards, and that public money is safeguarded and properly accounted for, and used economically, efficiently and effectively. The development of the Annual Governance Statement helps to ensure proper arrangements are in place to meet that responsibility.

The Accounts and Audit Regulations set out the statutory framework for the financial management of local authorities and incorporate the requirements for compliance with proper accounting practices. Within the context of the statutory framework the production of an "Annual Governance Statement" has been assigned "proper practice" status.

The statement should be consistent with the principles of good governance set out in Delivering Good Governance in Local Government: Framework (Governance Framework) (CIPFA and Solace, 2016) and the 2025 Addendum. The statement includes the result of a review of the effectiveness of its system of internal control and provides assurance on whether the authority's governance arrangements are fit for purpose.

An addendum to this guidance, published in May 2025, is the first update of the guidance since 2016. The addendum replaced the chapter relating to the annual review and reporting of the governance arrangements; the seven principles of good governance remain unchanged. Officers have ensured that the drafting of the Annual Governance Statement takes into consideration the requirements detailed within the 2025 Addendum.

The Council undertakes an annual review of its governance arrangement to ensure continuing compliance with best practice as set out in the guidance.

The governance statement itself allows authorities to report publicly on the extent to which they have complied with their own code, on an annual basis, including how they have monitored and evaluated the effectiveness of their

governance arrangements in the year and on any planned changes in the coming period. English local authorities are required to publish the statement each year.

In 2017 the Cabinet Executive approved and adopted an updated Local Code of Corporate Governance together with the associated reporting arrangements in relation to governance to ensure that best practice is adhered to. This is detailed at Appendix B and was updated to comply with the 2016 Edition of the Chartered Institute of Public Finance & Accountancy (CIPFA) and Solace “Delivering Good Governance in Local Government Framework”.

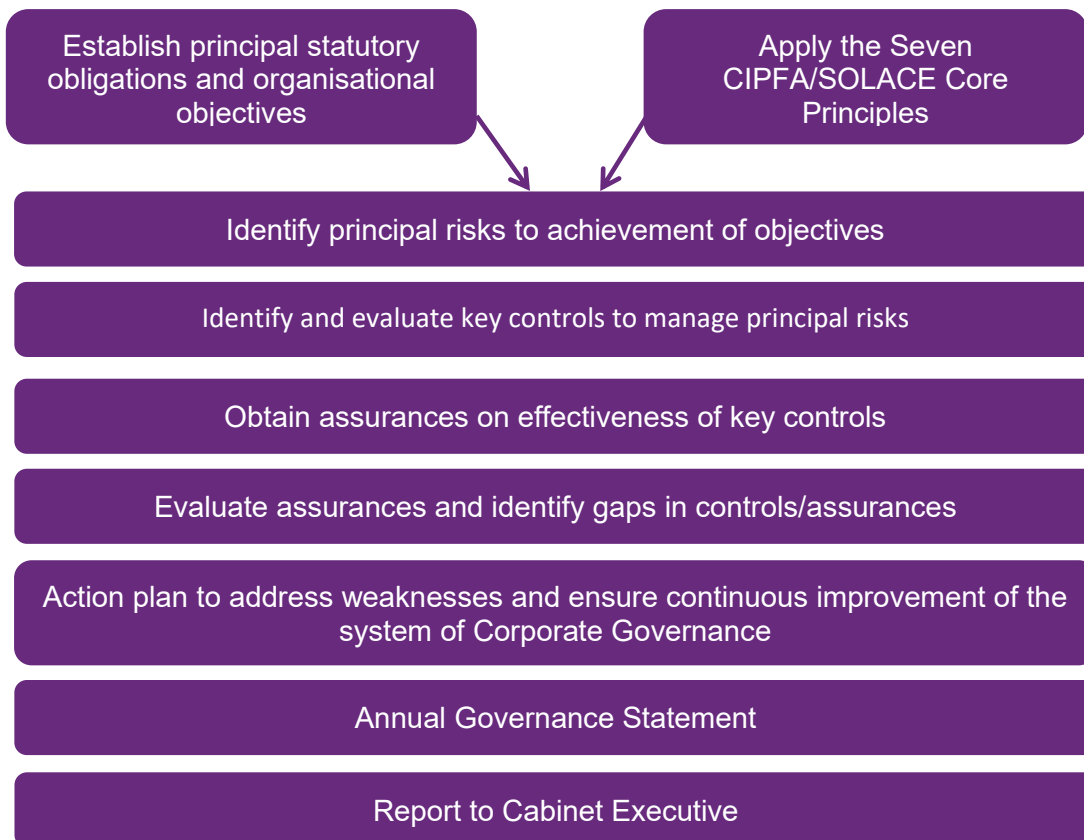

The Local Code of Corporate Governance has been reviewed again this year; it is felt that it is still fit for purpose but minor amendments have been made to illustrate how the Annual Governance Statement relates to the Code and evidences the governance framework in place.

4.2 Proposal(s)

A review of the systems of governance in respect of 2025/26 financial year has been carried out and the findings summarised in the review of effectiveness section of the Annual Governance Statement.

The assurance review is attached at Appendix C and identifies examples of assurances in respect of those governance arrangements which are key to mitigate against significant risks to the achievement of the corporate objectives of the Council. Areas where further improvements can be made have been identified from the assessment and an action plan developed. The chart overleaf sets out the annual governance review framework adopted by the Council.

Review of Annual Governance Statement and the Assurance Gathering Process

The results from the review, set out in the Annual Governance Statement at Appendix A, has confirmed that the Council's governance arrangements and internal control environment remain sound. There are no governance matters of significant concern which require further immediate action.

4.3 Relevant Consultations

Members of the Senior Leadership Team and the Senior Internal Auditor have been consulted during the process of carrying out the internal corporate assurance review.

Members of the Audit Committee have also been consulted.

External Auditors Review

The external audit of the draft statement of accounts for the year ended 31st March 2026 has not yet been completed by our external auditors Azets UK. There is therefore no opinion available to include within this report.

4.4 Significant Issues

None

4.5 In preparing this report, the author has considered issues related to Human Rights, Legal Matters, Human Resources, Equalities, Public Health Inequalities and there are no areas of concern.

5. Environmental impact

5.1 No Net Zero and Climate Impact Assessment (NZCIA) is required for this report.

6. What will it cost and are there opportunities for savings?

6.1 There are no financial implications associated with this report.

7. What are the risks and how can they be reduced?

7.1 There are no risks associated with this report. The reporting of the Annual Governance Statement itself assists in reducing risk across the Council.

8. Other options considered

8.1 The option to not produce a separate report on the Annual Governance Statement for the Cabinet Executive was dismissed given it is of utmost importance that the Cabinet Executive are fully informed and assured by the completion of the Corporate Assurance Review and the production of the Governance Statement.
